

Proces registrácie

REACH

Úlohy v registračnom procese

- **Vedúci registrant**
 - Vytvorte spoločné podanie na REACH IT - vygenerujte Token No.
 - Distribujte Token No členom spoločného podania JS
 - Podajte celý registračný dosier v mene všetkých členov JS
 - udržiavajte JS a prístup členov
- **Účastník/člen spoločného podania**
 - potvrdte členstvo k JS na REACH IT
 - podajte individuálne dosiere členov JS po podaní dosieru vedúcim registrantom

The screenshot shows the ECHA REACH-IT web application. The header includes the ECHA logo and the REACH-IT banner. Below the header, the user is logged in as 'Test ECHA' on behalf of 'OL REFINO BVBA'. The breadcrumb trail is 'Home > Create Joint Submission > Search Substance'. The main content area has tabs for 'Substance', 'Joint Submission', 'Contact', and 'Validation'. The 'Substance' tab is active, displaying instructions: 'Please, select the identity of the substance you want to submit as part of the joint submission by either providing a reference number here below, or by [specifying the substance identity](#)'. There are three radio button options for 'Reference number type': 'Pre-registration number', 'Inquiry number', and 'Registration number', each with a help icon. A text input field for 'Reference number:' is present, along with a 'Search' button. A sidebar on the left contains a navigation menu with items like 'Company', 'Pre-registration', 'Pre-SIEF', 'Online dossiers', 'Registration / notification', 'Joint submission', 'Message box', 'User account', 'Invoices', and 'Search'.

Substance Joint Submission Contact Validation

Welcome to the **substance** identification wizard for your **joint submission**!

To identify a multi-constituent [?](#) substance, start by specifying one of the constituents on this page. Then, on the use the next page use the "Add another constituent" button and specify another constituent. Repeat until all constituents (maximum 10) have been specified.

This identified substance refers to the substance identified from the following main constituent(s):

Select EC Number	CAS Number	Name
There are no constituents defined for your substance		

Add another constituent Add another constituent

Cancel

Home > Create Joint Submission > Search EC Substance

Substance Joint Submission Contact Validation

Please provide an explanation why you did not provide a reference number in the [previous wizard](#) in order to identify the substance

Explanation

In this page you can specify the constituents which are present in the substance [?](#) you want to pre-register.

If the constituent is in the EC inventory, you can search for it using the form below. If the constituent is not in the EC inventory you can specify it either by its **CAS number and CAS name**, or by only its **chemical name**.

You can use the wildcard symbol "*" in search with incomplete numbers or names. For instance, "200*" will retrieve all EC nu starting with "200". Hovering over a [?](#) sign displays help information for the corresponding field.

EC number:

Please respect the EC number format. For example 200-001-0.

EC name:

The screenshot shows the REACH-IT web application interface. At the top left is the ECHA logo. The main header area features the 'Reach-IT' logo and a navigation bar with the following items: Home > Create Joint Submission > Verify Constituent. Below the navigation bar, there are four tabs: Substance, Joint Submission, Contact, and Validation. The 'Joint Submission' tab is currently selected. The main content area displays a message: 'The following constituent will be added to your substance. Click on the "Continue" button to add it or "Modify" to change your selection.' Below this message is a table with the following data:

EC Number	CAS Number	Name
203-615-4	108-78-1	melamine

Below the table are two buttons: 'Modify' and 'Continue'. At the bottom right of the page, there is a footer: 'REACH-IT - [1.2.0 [Testing Version]] [06/09/2009 15:57]'. On the left side of the interface, there is a dark blue sidebar menu with the following items: Company, Pre-registration, Pre-SIEF, Online dossiers, Registration / notification, Joint submission, Message box, User account, Inventories, Invoices, and Search.

The screenshot shows the REACH-IT web application interface. At the top, the ECHA logo is on the left, and a banner for 'Reach-IT' is on the right. Below the banner, a navigation bar contains the text 'Home > Create Joint Submission > Information'. A secondary navigation bar has tabs for 'Substance', 'Joint Submission', 'Contact', and 'Validation', with 'Joint Submission' being the active tab. A sidebar on the left lists various user options: Company, Pre-registration, Pre-SIEF, Online dossiers, Registration / notification, Joint submission, Message box, User account, Inventories, Invoices, and Search. The main content area is titled 'Joint submission information' and includes a note: 'Fields marked with an asterisk (*) are mandatory.' The 'Name' field contains 'MELAMINE - ARIANE - 1' and has a note: 'Joint submission name must have at least 8 characters and at most 30 characters.' The 'Description' field is empty. Under 'Provided by the lead registrant', there are three checkboxes: 'Guidance on safe use' (checked), 'Chemical Safety Report' (checked), and 'Review by an assessor' (unchecked). At the bottom, there are buttons for '< Previous', 'Cancel', and 'Next >'. The footer text reads 'REACH-IT - [1.2.0 [Testing Version]] (08/09/2008 15:57)'.

Validation

The screenshot shows the ECHA REACH-IT interface. At the top, the ECHA logo and 'Reach-IT' branding are visible. Below the header, a navigation bar contains tabs for 'Substance', 'Joint Submission', 'Contact', and 'Validation', with 'Validation' being the active tab. The main content area displays a success message: 'Your joint submission MELAMNE - ARIANE - 1 was successfully submitted to REACH-IT!'. It also includes instructions to keep track of the joint submission token and provides the token value: 'Token: 701-095-4e18-4168264819'. A left-hand navigation menu lists various user actions such as 'Company', 'Pre-registration', 'Pre-SIEF', 'Online dossiers', 'Registration / notification', 'Joint submission', 'Message box', 'User account', 'Inventories', 'Invoices', and 'Search'.

The screenshot shows the ECHA REACH-IT 'Messages' page. The header includes the ECHA logo and 'Reach-IT' branding. The main content area explains that the internal message box is for messages sent by REACH-IT (ECHA) to the user. It provides instructions on how to receive alerts and offers a link to 'Preferences'. Below this, there is a navigation bar for 'Message box folder' with options for 'User folder', 'Organisation folder', 'Role folder', and 'Deleted messages'. A table lists messages, with one message selected. The table has columns for 'Select', 'Details', 'Read', 'Subject', 'Creation Date', 'Expire Date', and 'Recipient'. The selected message is titled 'Joint submission created' and was received on 19/09/2009 at 11:42. The recipient is 'Party(OIL REFINING BVBA)'. Below the table, the details of the joint submission are provided, including the name 'MELAMNE - ARIANE - 1', the lead registrant 'OIL REFINING BVBA', and the substance identity 'melamine'. Contact person information is also listed, showing the name 'test ECHA' and the organization 'OIL REFINING BVBA'.
